## Our Vision

The vision for Empowering Mentorships is focused around the support and development of minority youth. We aim to empower youth by providing tools that will catapult them into positive life outcomes and economic improvement .

To accomplish our vision, we leverage the tools and expertise of professional leaders in minority communities. These tools include golf lessons, financial literacy courses and male mentorship.

Our mission is to empower minority youth by providing consistent support, opportunity and access to resources and education.

### MENTOR DEVELOPMENT

Not only are we striving to support our mentees, but we also provide development opportunities for mentors looking to make an impact in the community. Through our partnership with Mentoring Central we provide certified mentor training and development.
